

Fall 2024 | **L**Agniappe Academic Enrichment Program

Adolescent Conference

We welcome you to join us in an investigation of the Arts and professions within the Arts, presented in conjunction with the College of the Arts.

Rodin: Toward Modernity at the Hilliard Art Museum

Rodin: Toward Modernity features 40 bronze sculptures that encompass the key achievements of Rodin's career. This collection highlights his mastery of form, emotion, and movement, inviting viewers to engage with the complexity of his work.

Printmaking Workshop

Students will work with Gelli Plates to create monoprints focusing on rhythm, movement, and implied textures in the composition.

Cyanotype Photography Workshop

Students will create photograms using the cyanotype photographic process focusing on positive and negative space to capture shape and shadows.

3D Wire Sculpture Workshop

Students will use wire as a continuous line to create a form focused on balance and unity in 3 dimensions.
